Rethink reading!

Reading for fun makes lots of things better... including your exam results, the chances of getting a great job and your mental health!

Choose something you'd like to read, or pick an audiobook - anything goes!

Grab a drink and a snack - just like at the cinema!

Find a cosy, comfy space - your favourite spot on the sofa, or even in the bath!

Not enjoying your reading choice? Try something different (this isn't homework!)

And... relax! Forget about everything else and lose yourself in someone else's story...

Check out your school library - you never know where it will take you!
